

# TEAM TACTIX®

## *Design Teams with True Synergy*

*Team Tactix produces customized **Kolbe Management Reports™** to improve team performance in any organization.*

*7 Organizational reports detail current strengths and challenges of team members.*

*14 Leadership Reports offer customized prescriptive advice for managers.*

*Integrated functionality allows users to create or modify teams with members in their WAREwithal database.*

Synergy doesn't just happen by chance. It takes the right mix of instinctive talents in the right roles. Kolbe's Team Tactix software identifies this formula for collaborative success with an extraordinary level of accuracy and detail.

This powerful WAREwithal® software module analyzes existing as well as potential teams based on individual Kolbe Index results, giving managers and senior leaders an unprecedented capability to predict and optimize group performance.

---

No other organizational development software can match Team Tactix and its ability to:

- Inventory the talents of individual team members
- Calculate the probability of sustainable group success
- Pinpoint sources of conflict and stagnation
- Predict the outcomes of possible team restructurings
- Provide clear, bottom-line findings as well as detailed analysis
